PRIVATE RENTED PROPERTIES (LSM) 2018

1.0 Purpose

1.1 The aim of this policy is to ensure that all privately rented properties under the Association’s control adhere to the repairing standard before the start of a tenancy and throughout.

1.2 The procedures detailed within this section have been written to ensure that all reasonable steps have been taken to comply with the Housing (Scotland) Act 2006, the Housing (Scotland) Act 2014 and all other relevant pieces of legislation.

3.0 Procedures

The Association will ensure that:

- all privately rented properties meet the tolerable and the repairing standard at the beginning and throughout the tenancy,
- an inspection is carried out before the start of the tenancy to identify any work necessary to comply with the repairing standard,
- an electrical installation condition report is carried out by a competent person before the tenancy starts and throughout the tenancy at intervals of no more than five years,
- a copy of the record of the electrical installation condition report is issued to the tenant at the start of the tenancy and when an inspection is carried out during the tenancy,
- any portable appliances supplied by the Association are tested,
- a copy of the PAT report will be issued to the tenant at the start of the tenancy and when an inspection is carried out during the tenancy,
- a copy of the EICR and PAT report is retained for six years.
• a CO detection system to alert occupants to the presence of CO gas is present,
• heat and smoke alarms are present,
• the tenant is provided with a copy of the gas safety certificate,
• new tenants are provided with a copy of a valid energy performance certificate.

4.0 Review

This policy will be subject to review at least every 3 years.
