Living with disabilities or Long-term illness

Do you have a disability or suffer from long term physical or mental illness. Did you know that there is assistance available to help improve the quality of your life?

Ochil View can check if you're eligible and help you apply for the following benefits:

Adult Disability Payment

Adult Disability Payment can help you with some of the extra costs if you have long term ill-health or a disability. The amount you get depends on how your condition affect you, not the condition itself. You will be assessed by a health professional to work out the level of help you can get. Your rate will be regularly reviewed to make sure you're getting the right support.
