Comments (Social landlord contextual information)

The number of lets is down on previous year (from 140 to 96) due to the additional time taken to repair and turnaround void properties due to Covid restrictions. Section 5 referrals have increased from 1 last year to 25 this year because we have not been advertising through our normal allocation process for large periods due to Covid restrictions and instead have been requesting homeless referrals through the council.

Annual Return on the Charter (ARC) 2020-2021

Comments (Getting good value from rents and service charges)

Average management fee per factored property has decreased. This is because the total management fee was not increased during the year, the insurance element increased, and so the management fee net of insurance charge actually decreased.

Rent collected as a % of rent due and gross arrears % have both improved since the last ARC partly due to changes in the way that housing benefit is paid, with payments now being received when the benefit is due as opposed to 4 weeks later.
